SINCERITY

GREETINGS, FRIENDS: We are happy that **SINCERITY**, because of its outstanding performance during the 1956 AMERICAN HEMERCALLIS SOCIETY Convention at Omaha and Shenandoah, was chosen to be the first recipient of **THE PRESIDENT'S CUP**. The additional award of **HONORABLE MENTION** for 1956 is further proof of its merit in various parts of the country.

For a number of years we have given special attention to the breeding of daylilies for the central latitude where there is almost no repeat performance. With the exception of **FAIRY PEARLS** they have medium to large flowers, all on multiple branched scapes to assure a long bloom period. **ELSINORE** and **FIDELITY** consistently produce terminal buds and flowers until frozen while all others classed **VLa.** bloom almost as long—to the end of October here, having begun in late July.

After long trial and observation, we are happy to be able to add three new ones to increase the range of form and color in this type.

Mrs. Viola Richards

OUR 1957 INTRODUCTIONS
